

I'm a chef with experience both in restaurant and hotel business and as a private chef. You can choose a menu from a list or we can create personalized menu.

I can create a bespoke menu based upon your personal preferences and dietary needs. There is also a list of menu items for larger groups, or to give you some inspiration.

I can provide an exquisite menu for up to 10 people which can include traditional Dalmatian fare, vegan delicacies, fish or meat done just the way you like. The choice is yours!

As a certified WSET sommelier, I can pair local wine with your menu to give you a fully authentic Dalmatian experience. Your holiday in Croatia will be memorable.
